

## INSTRUCTIONS FOR TEMPORARY CROWNS

When leaving your dental appointment today, you will have a temporary crown on your tooth. This temporary crown is a crucial part of this procedure. Should it crack, break, fall off or feel loose, it is very important for you to call our office and make an appointment to address this issue. **IT IS IMPERATIVE THAT YOU LET US KNOW IF YOU HAVE ANY PAIN AT ALL ASSOCIATED WITH YOUR TEMPORARY.** There are a few things you can do to help maintain your temporary:

- ~ No sticky foods (i.e. toffee)
- ~ No chewing gum
- ~ When flossing your teeth, pull floss through your teeth and not up and down.

Thanks for your cooperation,  
Dr. Andrea Greff
